## Current Position

*Associate Analyst – Research Operations* at Ugam Sez Pvt. Ltd., Coimbatore.

## Technical Qualifications

- Obtained *Linux System Administration – Beginner Level* certificate from KGISL IT Finishing School.
- Obtained *RPA Developer Foundation* certificate from UiPath academy.
- Received UiPATH Orchestrator Diploma from UiPath academy.

## Other Qualifications

Obtained *Business English Certification – B1* from University of Cambridge.

## Projects Undertaken

1. Web World Wind (Live) (<https://geospatial.springfield-or.gov>)  
It was a project where 2 developers and 5 students collaborated to create a public portal for Springfield, Oregon, US. I was assigned with the UI change requests from the client. This project won *Crystal Bull Award* from NASA
2. Motor Insurance Claim Assessment and Approval Automation System (Prototype) (<https://github.com/sriram23/Insurance-Claim-Automation-System>)  
Developed a RPA bot using UiPATH, that takes Insurance Policy details and Claim details from database, perform assessment, decides on Approve or disapprove the claim and notifies the client with an automated mail.

## Mini Projects

1. MD5 Hash Generator (<https://sriram-profile.firebaseio.com/md5V1.apk>)  
Developed an Android application, that generated MD5 hash for given string.
2. Tamizh Visai (Web): (<https://sriram23.github.io/Visai>)  
Created a simple Tamil keyboard using Java Script and Tamil Unicodes.
3. Tamizh Visai (Mobile – Under Construction): ([https://sriram-profile.firebaseio.com/tamizh\\_visai\\_v1\\_debug.apk](https://sriram-profile.firebaseio.com/tamizh_visai_v1_debug.apk))  
Mobile version of Tamizh Visai. Specially designed for Android platform

## Co – Curricular Activities

- Organized a non – profit organization called *CoderDojo* in cities of Coimbatore and Thanjavur. The aim of the organization is to provide Computer Education to rural Kids.
- Awarded *Best Achiever* badge 4 times by Dr. Ashok Bakthavatsalam, Managing Director, KGiSL for solving various programming problems.
- Awarded as *Achiever 2018* for the NASA NWW project.

## Open Source Contributions:

- Developed an addon called [Google Signout](#), that logs out of all the google accounts currently logged in browser. For this addon I received a USB drive as a token of appreciation from Mozilla India.
- Developed an addon called [Search Selection](#), that enables the user to search selected text across variety of search engines.
- Participated in Mozilla Quantum Sprint, where I tested the compatibility of Tamil font in Linux version of Mozilla Quantum Browser.
